

MAR-MAC **RODBUSTER**

Spring 2022

Dear RodBuster,

It is hard to believe it has already been a year since our last letter to you! We hope you have all been well.

It has been busy here for us here at MAR-MAC, and through social media we've seen that it has been a busy and productive year for you all as well. We enjoy seeing your work and shenanigans on social media while you use MAR-MAC PREMIUM tie wire which is made right here in the USA!

We have been fortunate to see strong sales this past year and have grown our sales and customer service team since we last wrote you. We are proud to have our new regional accounts manager Adam Schwery, and sales and customer service representatives Jerry Peterson and Jayna Mitchell as part of the MAR-MAC team.

Adam has been in the industry a while now and is based in Kansas City. We're excited to have him there to help provide us a stronger presence in the Midwest. Jerry comes to us with a decade's past experience of running his own business, and Jayna is a recent graduate of Coker University. We're lucky to have more genuine and quality people join our already fantastic team and make us MAR-MAC strong!

**SALES & MARKETING TEAM
AT OUR ANNUAL DINNER**

This year's t shirt and hard hat sticker theme is "Nothing Can Stop Us." We have included a few stickers of this design in the mailer for you to wear on your hard hat or give to a friend or coworker.

The last year has been filled with numerous challenges as you all know and are likely tired of hearing about. Through it all it has been nice to see that while some things have changed, others have stayed constant. In a world of change you, as RodBusters, are continuing to work through challenges and get the job done. At MAR-MAC we have been very fortunate to continue to see strong demand for our products, and are proud to continue to supply our USA made tie wire to help you get the job done right.

With this new sticker, you may notice that it feels a little different and doesn't stick quite as strongly as our prior hard hat stickers. Our primary hard hat sticker supplier changed sources without notifying us

**NOTHING CAN STOP US,
2022 HARD HAT STICKER**

RMAR-MACRODBUSTER

before we received these. We always strive to provide you with the best quality possible, and we admit that we are not satisfied with the quality on this sticker. We are working with our suppliers on getting this issue resolved for reorders of this sticker and future hard hat sticker designs.

In addition to this sticker, we have also included another sticker design in this mailer. This sticker is actually a throwback to a hard hat sticker design we did back in 1998. You can see the new version of the design included in this mailer to the right and the old version the new sticker is based on below that one.

This sticker is a limited print run made especially for you all and this mailer. Let us know on social media or email us at rodbuster@marmacinc.com to let us know what you think of it. If you like the sticker throwbacks, we may do this again in some future mailers.

Please feel free to give us a call if you've got something to say. You can reach John (CEO) on his mobile at **843-812-7676** or Jarrett (President) at **803-269-7807**.

Follow us on our various social media (below) for company updates, product updates, and more!

Check out the RodBuster store here. For all your RodBuster questions, contact Lauren at **843-407-3934** or Jocelyne for Spanish at **843-418-0589**.

God bless you and your family!

Sincerely,

John Martin
